2020 - 2029 ASP Strategic Plan actions

The Australian Society for Parasitology Inc. (ASP) wheel summarises:

Why the ASP exists – to Promote Parasitology.

How the ASP **Promotes Parasitology** – through **Education, Communication and Support** and recognition and,

What the ASP does is captured by all of the blue segments, Mentoring, Advocacy, Curriculum, Newsletter, Journals, Website, Social media, Awards, Conferences, Courses, Collections and curations, and Outreach.

How does the 2020 ASP Strategic Plan table of actions work?

Each action is associated with one or more "what we do" areas, and in turn each of these areas relate to Education, Communication and Support and Recognition to Promote Parasitology.

Underpinning this strategic plan are ASP members who give their support, expertise, enthusiasm and share their love of parasitology to enable the wheel to keep turning and the ASP to continue to *Promote Parasitology*. For this Society to function the ASP Constitution needs to be an appropriate set of rules that will guide the ASP into the next decade. Hence a major action out of the 2018 Strategic Planning was a review of the ASP Constitution. The ASP Constitution was rewritten in 2018/2019 to respond to that need. Each 2020 ASP Strategic Plan action should be enacted with the guidance of the 2019 ASP Constitution and By-Laws. The time-frames have been set as continuous (throughout the period of this Strategic Plan 2020 – 2029), short term (within 2 years), medium term (2-5 years) and long term (5-10 years).

What we do	Action	Time-frame	Comments
Mentoring	Maintain Network Mentorship Scheme.	continuous	
	Support training and professional development	medium	
	workshops in conjunction with conference for	term	
	ASP members. (Also Courses & Outreach)		
	Offer mentorship opportunities at the ASP	medium	
	conference supporting ECRs, match-up mentors	term	
	with ECRs, and offering grant writing		
	workshops. (Also Courses)		
	Maintain and formalise support for Advanced	short term	
	Parasitology Course – including recognition in		
	revised Constitution and/or By-Laws. (Also		
	Courses)		
	Support the ASP Research Exchange, Training	continuous	
	and Travel Scheme – including recognition in		
	revised Constitution and/or By-Laws. (Also		
	Courses)		
Advocacy	Recognise appropriately the diversity of our	continuous	
	Society's members and their contributions –		
	including recognition in revised Constitution		
	and/or By-Laws.		
	Maintain ASP membership database to enable	medium	
	individual members to be identified for	term	
	representation of the ASP in their areas of		
	expertise.		
	Active membership of Science and Technology	continuous	
	Australia – includes ASP representative		
	attending STA events.		
	Promote outreach opportunities and media	continuous	
	training for ASP members.		
Curriculum	Formalise an ASP Education Committee with	short term	
	clear terms of reference and of suitable		
	diversity, gender-balance – including		
	recognition in revised Constitution and/or By-		
	Laws.		

	Cuppert for development of recourses and	1	
	Support for development of resources and		
	publications, addressing all levels of education.		
	(Also Outreach & Courses)		
	Support ASP Undergraduate prize. (Also Awards)	continuous	
Newsletters	Publish a high quality Newsletter, at least three	continuous	
	times per year as a primary means to highlight		
	the Society's achievements and the		
	opportunities provided by the Society, as well		
	as to share news about its members.		
Journals	Maintain support for and ensure the financial	long-term	
	success of three journals – The International		
	Journal for Parasitology; IJP:Drugs and Drug		
	Resistance; and IJP:Parasites and Wildlife – by		
	securing the appointment of high quality,		
	suitably diverse and gender-balanced editorial		
	teams and the publication of research papers of		
	high quality – including recognition in revised		
	Constitution and/or By-Laws.		
Website	Continued maintenance of an attractive,	continuous	
	informative and practical ("user-friendly")		
	website as the front-line communication tool		
	and promotional face of the Society.		
	Host other relevant websites approved by the	long-term	
	ASP Council in line with ASP Mission to promote		
	parasitology.		
Social media	Use Social Media platforms, including Facebook	continuous	
	and Twitter, as secondary means to highlight		
	the Society's achievements and the		
	opportunities provided by the Society, as well		
	as to share news about its members.		
Awards	Continue support for awards and prizes that	continuous	
	recognise the achievements of the Society's		
	members, at all stages of career, as a means to		
	promote and inspire parasitology and		
	parasitologists.		
	Ensure appointment of high quality, suitably	long-term	
	diverse, gender-balanced selection committees		
	for all awards and prizes – including recognition		
	in revised Constitution and/or By-Laws.		
	Set up the ASP Development Award which aims	long-term	
	to solve disadvantage by building capacity and		
	offering people support through education,		
	outreach, research capacity,		
	internationalisation and regional development.		
Conferences	Organise a high quality annual, national	continuous	
Comercines	conference to highlight and maximise the	55	
	promotion of the research of the Society's		
	members.		
	Appoint suitably diverse, gender-balanced	continuous	
	conference scientific and organising committees	Continuous

to facilitate development of a diverse, high quality program for members. Provide facilities that allow family groups to attend and participate in the annual conference. Provide prayer-room facilities for conference delegates. Provide financial support for students to attend and present their work at our national conference. Seek external sponsorship and set appropriate registration fees agreed by ASP Council and the Conference Organising Committee to ensure a healthy conference budget that will allow the ASP to invite excellent international speakers to speak at the conference. Consider critically, on a case-by-case basis, joint initiatives to host or co-host international conferences that promote the Society and the interests of its members. Develop a strategy to support local (i.e. statelevel) symposia or "mini" conferences (a la "Summer Series"). Courses Continue to offer and further develop an Advanced Parasitology Course, improving access to international students and ensuring the recruitment of the highest quality, genderbalanced faculty – including recognition in revised Constitution and/or By-Laws. Internationalise Concepts in Parasitology (GIP) through ASP Development Award by inviting researchers from Asia-Pacific region. Investigate running CIP in international long-term locations based on local need and use local lecturers. Collections & Critically evaluate requests for support of continuous collections and curations on a case-by-case basis. Develop a strategy for storing parasite images electronically so they are available for use with permission. Outreach Support for nation-wide outreach activities and initiatives, including through National Science Week and Inspiring Australia programs and grants, where appropriate. Provide funding to facilitate outreach activities ontinuous by our members at a local (Istate) level.		1
