- Include a note about sharing your presentations i.e. is it sensitive data and no screen shots/records or is the audience free to share
 - e.g. can include the following

- Pre-record of presentation. If you are afraid that your internet connection can have issues, you have the possibility to send us a video recording of your presentation by the 16th June (or close to that date). We will be able to share the video in case your connection is unstable.
- Do you need a practice session? Please contact Lisa Jones or your chair to organise a practice run-through.
- We have a Slack forum available to submit your questions to other presenters, to introduce yourself, to answer any additional questions the audience might have. Please log in and familiarise yourself to the forum.

- Please ensure you use your full name when signing into zoom session to make it easy for the chair and moderators.
- Have your session chair contact details handy in case of technical issues.

Short “speed” 3 minute talks

- 3 minute talk. You will be interrupted after 3 min so make sure that you are able to stick to this time!
- Submit your presentation to Lisa Jones by midnight 16th June to your session chair. Max 1 slide, no animations, in a landscape PDF format.
- You will not be able to share your screen: we will share the presentations you will have sent us in PDF format. Practice with zoom to familiarise yourself with the process.
- Optional – you can submit a video recording as a backup for presentation. Must be submitted by Wednesday 16th June. Please provide a youtube link.
- There is no question time for short talks, however we will have a dedicated channel in our slack forum for that day of conference talks and so the viewers can ask you any questions.
- You also have the option to send Lisa Jones a pdf file with more information about your research – this will be uploaded to Conftool so that other delegates can read more detail about your research if they would like to do so.
