

The Inaugural Chris Bryant AM Memorial Lecture

Please join us in celebrating the life of
Professor Chris Bryant AM.

This event is jointly organised by the Research School of Biology and Centre for the Public Awareness of Science (CPAS). This year's lecture, "**Sushi, Sex and Mind Control – Why Parasites (still) Matter**," will be presented by Professor Alexander Maier.

Please consider staying afterward for drinks and nibbles (in a COVID-friendly manner) in the Robertson Building's larger foyer.

This is a free event.
